

## SALON HISTORY

Established in January 2013, The Glam Room is an urban oasis in the heart of Kansas City. We blend timeless sophistication with modern innovation, offering a serene retreat just minutes from downtown. From the moment you step inside, you'll experience an atmosphere of elegance, creativity, and personalized care that reflects the very best of Kansas City.

Our mission is to provide personalized, professional services in a luxurious environment while prioritizing sustainability and giving back to the community.

## HEAR WHAT OUR GUESTS ARE SAYING

*This place was genuinely a DREAM of a salon. One of the best I've been to around the globe and I travel constantly. It has a café; shopping, and most of all- they did my hair FLAWLESSLY in the most perfect soft wave the first time. I would come back in a heart beat.*

- Moonrising Circle (Google)

*New location is incredible and so beautiful including a café and full bar. My hair always turns out great and I continue to return even after moving out of town.*

- Katie Gillmore (Google)

*Professional and always the best haircuts! Both of my daughters get their haircut here, we are so happy to have found this establishment! I can't say enough good things about it!*
